

RUFCUT

A WORKSHOP ON THE INTERNET.

THE IDEA

**YOUR FIT.
CUT FOR YOU.
3 TO 5 DAYS.**

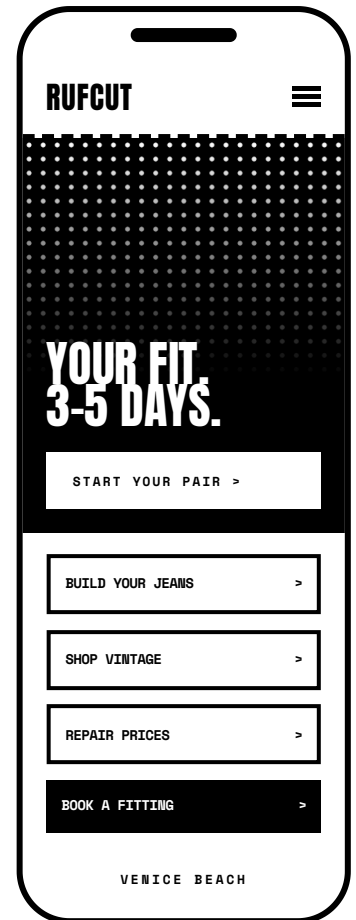

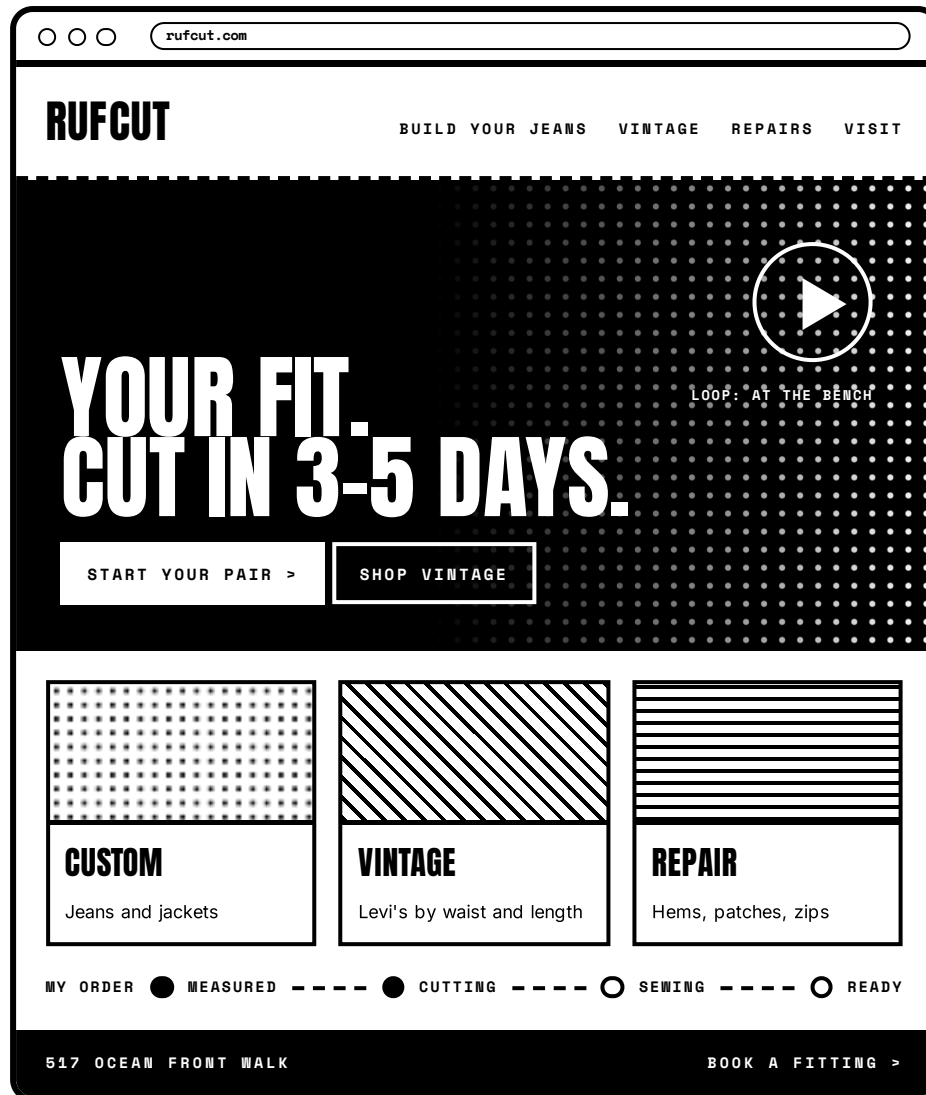

Most denim sites look like a catalog. Rufcut is not a catalog. It is a bench, a machine and a pair of hands. The website should feel like walking into the shop on the boardwalk.

LOOK AND FEEL

- **Raw indigo.** Deep blue denim background with copper thread as the accent.
- **Stitches as design.** Dashed seams split the sections, like a pocket.
- **Workshop type.** Big stencil headlines, labels like a tag on new jeans.
- **Real footage.** The bench, the hands, the denim. No stock photos.

02 DESIGN DRAFT

HOME PAGE. DESKTOP AND PHONE.

Sketch in black and white. Final design in raw indigo and copper.

03 SITE MAP

A HOME
Bench video, the 3-5 day promise, three doors.

C VINTAGE
Levi's shop. Filter by waist, length, model, era.

E MY ORDER
Follow the pair from cutting to ready.

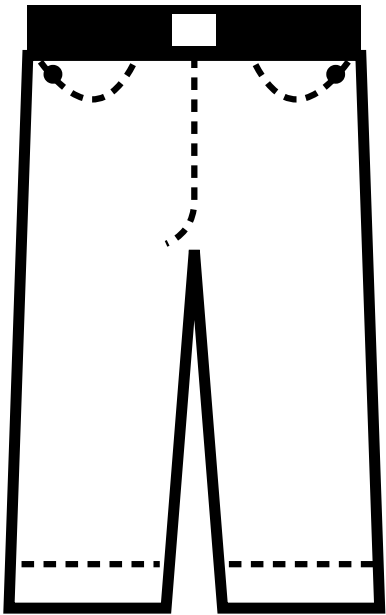

B BUILD YOUR JEANS
Design the pair, see the ready date, book.

D REPAIRS
Service list, before and after gallery.

F THE SHOP + VISIT
The maker, the story, map, hours, fittings.

04 THE JEANS BUILDER

The heart of the site. Someone on the boardwalk or across the country builds a pair in minutes. The order lands at the shop, ready to cut.

07 AFTER LAUNCH

A website is like a good pair of jeans. It lasts if you look after it. Every month the site is taken care of, so Rufcut can stay at the bench.

CARE INSTRUCTIONS

KEPT RUNNING

Checked every day. If something stops working, it gets fixed.

SAFE + BACKED UP

Security updates and regular backups. Nothing is ever lost.

CONTENT UPDATES

New vintage pieces, photos, prices, holiday hours. Send it, it goes up.

SMALL IMPROVEMENTS

A set amount of design and page changes every month.

MONTHLY REPORT

One page: visitors, bookings, orders, what people searched for.

FOUND NEARBY

Google listing kept fresh with photos and posts.

HOW REQUESTS WORK

ANY WAY

A text, a photo or a voice note. No forms.

1-2 DAYS

Small changes go live fast.

SAME DAY

Urgent problems, like the site being down.

PLANNED

Bigger features as a small separate project.

NEXT DOOR

Questions can be asked in person too.

CARE LEVELS

BASIC

Running, safety, backups, monthly report.

STANDARD

Basic plus content updates, improvements and Google listing.

GROWTH

Standard plus a monthly shoot at the bench, new drops listed, clips for social media.

NEXT STEP: COFFEE AT THE SHOP.

A short meeting to pick a package and plan the shoot day. Scan to try the working concept.
